Description / Details:

TITLE Design Technician I

CATEGORY Engineering

DESCRIPTION Incumbent is responsible for preparing and making revisions to sanitary and water construction design plans using AutoCAD software, preparing plans for proposed projects, preparing and making revisions to sanitary and water post construction as built plans, assist other staff with issuing permits, answering questions from the public, maintaining Department records, assist Department staff with records retrieval and other similar duties assigned.

ESSENTIAL JOB FUNCTIONS:

♣Review sanitary sewer, water, and other types of construction project design plans and making revisions as needed; ♣Generate AutoCAD design and construction drawings for sanitary sewers, water

main systems, and other architectural types of construction project design plans and making revisions as needed; ♣ Assist in the development of preliminary plans and construction drawings using AutoCAD software programs for water and wastewater site plans, building additions and renovations, and process equipment replacements. ♣ Maintain work progress in line with project schedules and report progress to supervisor; ♣ Interpret quantities, non standard plan details, prepare draft specifications to further explain the project intent; ♣ Maintain time records and logging reports on various aspects of projects; ♣ Assist in design reviews and site analysis for sewer and water improvements for land development projects and within treatment plant facilities; ♣ Maintain records utilized during the performance of project specific tasks; ♣ Organize electronic and paper Project files including AutoCAD files and using AutoCAD drawing manipulation; ♣ Using Microsoft Office Suite to report and manipulate cost and quantity numbers.

NON-ESSENTIAL JOB FUNCTIONS: Performs other job related duties as assigned.

JOB REQUIREMENTS AND DIFFICULTY OF WORK:

Equipment: Incumbent uses the following equipment: measuring devices, recording equipment, computer, printer, copiers, fax machine and various drafting and office equipment.

Critical Skills/Expertise:

♣ Knowledge of drafting procedures and equipment; ♣ Knowledge of sanitary sewer and or water system design and construction; ♣ Knowledge of State, Federal, and Local standards and regulations governing construction; ♣ Knowledge of surveying practices and principles; ♣ Knowledge of office practices and procedures; ♣ Knowledge of research methods to gather data; ♣ Ability to read and interpret construction plans; ♣ Ability to define and draw valid conclusions; ♣ Ability to prepare meaningful, concise, and accurate documentation; ♣ Ability to calculate Portage County usage and sewer flow worksheets; ♣ Ability to calculate Portage County fees for service connections; ♣ Ability to communicate effectively, both orally and in writing; ♣ Ability to gather, collate, and classify data. ♣ Ability to use Microsoft Office software;

RESPONSIBILITY:

♣ Supervisor provides general guidance allowing for the planning of procedures and methods to attain objectives. Errors in work are detected in the office in which they occur, requiring expenditure of time to correct.

PERSONAL WORK RELATIONSHIPS:

♣ Incumbent has contact with co-workers and employees in the department. The purpose of these contacts is to review and design wastewater construction plans. ♣ Incumbent has contact with the general public who visit the Office and who he meets when working outside of the office. The purpose of these contacts is to discuss projects, review project plans, deliver information and answer questions.

PHYSICAL EFFORT AND WORK ENVIRONMENT

Physical Requirements: Incumbent performs heavy work which may require lifting up to fifty (50) pounds occasionally.

Physical Activity: Incumbent performs the following physical activities: climbing, balancing, stooping, kneeling, crouching, crawling, reaching, standing, sitting, walking, pushing, pulling, lifting, fingering, grasping, feeling, talking, hearing, and repetitive motions.

Visual Activity: Incumbent performs work where the seeing job is close to the eyes including using computer monitors.

Job Location: Incumbent works inside and outside with occasional exposure to temperatures that range from below 32 degrees to above 100 degrees for periods of more than one hour, noise loud enough to

require shouting in order to be heard, vibrations, hazards, atmospheric conditions, and oil and is sometimes required to wear a respirator.
